

Keeping your loans in-house while remaining compliant is easier than you think

COMPLIANCEManager™ can help.

With this innovative online application process, you can access a fully compliant document generation program that provides accurate up-to-date forms and processes, which adhere to all applicable federal **Truth-In-Lending** regulations.

If you make institutional loans for or provide credit to your students, you take compliance seriously. If you want to keep your institutional loans in-house then you must be aware of the increasing government scrutiny on institutional loans and the ever-changing regulations. Providing financing options for students and families has become more challenging than ever.

Introducing **Peace of Mind** at an Affordable Price

ComplianceManager is an online application solution for schools who originate their own loans offering a turnkey approach to document creation and management. The program is seamless with minimal effort by the school. What's more, ComplianceManager is cost effective with a very low per transaction pricing - **making it easy and affordable for any size program.**

ComplianceManager ensures that all Truth in Lending forms, disclosures and notices are fully compliant – and updated accordingly when rules change. All application forms, retail installment contracts, and required disclosures are generated within the online experience and are in full compliance with all applicable federal regulations.

Applicable federal regulations include:

- Fair Credit Reporting Act
- Dodd-Frank Wall Street Reform
- Truth in Lending Act
- Consumer Protection Act

What else?

- Fast processing with a 100% online application
- Ability to download, save and print all documents in one session ensuring easy record keeping
- Secure electronic signature process that adheres to all requirements set forth in the Electronic Signatures and Records Act
- Complete audit trail of every transaction including date/time stamped document generation, email logs and electronic signatures
- Daily access to customer data files via a school portal

Best of all, ComplianceManager is fully customizable to your school's specific needs, including interest rates, repayment terms and credit criteria.
